DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The left wall of this two story, flat roofed mid 20th Century building is located on an alley. The first floor is surfaced in long narrow bricks and glass, the second is smooth concrete.

The entire shopfront of this building is recessed. Under both portions of the shop windows is a low brick wall. Each shop window consists of 9 horizontal, rectangular panes of glass. A slightly wider pane glass forms a transom over the central glass door with its flanking side-lights. Two frustanding columns one in front of both of the central groups of 3 glass panels, are simple cylinders.

The concrete surface is immediately above the top edge of the windows and columns. A strip of three groups of 3 double hung windows stretches over most of the width of the building. Each wind is 2-over-2 double hung with horizontal mullions.
